

THE UNIVERSITY CAPACITY DEVELOPMENT PROGRAMME OFFICE

cordially invites you to the

RESEARCH SOFTWARE WORKSHOP ("R")

11 SEPTEMBER 2025

09h00 – 16h00

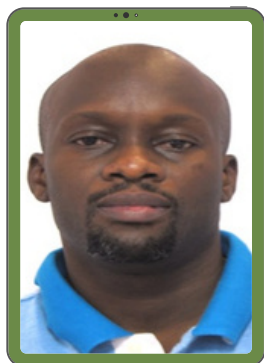

Virtual Via Zoom

[CLICK TO REGISTER](#)

ABOUT THE WORKSHOP

In the rapidly evolving landscape of academic research, proficiency in data management and analysis software is crucial for postgraduate students aiming to produce rigorous and impactful research. The Essential Software Skills Workshop is designed to equip Master's and PhD students with hands-on experience in four key software tools that support both qualitative and quantitative research.

This workshop is tailored for postgraduate students who have advanced beyond the proposal stage and are ready to engage in data analysis. Participants will receive comprehensive training on R for advanced statistical modeling. By developing proficiency in these platforms, students will enhance their ability to manage, analyse, and interpret complex data effectively.

ABOUT THE PRESENTER

Dr Tipoy

Dr Tipoy is a senior lecturer at the school of accounting, economics and finance of the former college of law and management. He holds a PhD in economics from the University of Pretoria. He has extensively worked in the field of applied economics using various estimators and has a good grasp of several software used in statistics.
