### Design Sprint Workshop Series

 09h00-15h00

 K-rith Tower Building, K1 & K2, Medical School

#### WORKSHOP OVERVIEW

The Digital Curriculum Transformation (DCT) programme brings teaching and learning stakeholders together through five hands-on design sprints- practical, collaborative sessions where you work directly on your module to make it more engaging, more structured, and more impactful for your students.

**To make the sessions as productive as possible, please bring:**

Your module outline or course template, Your current module learning objectives, and Any materials that help explain how the module is currently taught

#### DESIGN SPRINT 2

##### Engaging Module Content and Instruction

In this sprint, we will collaborate to enhance how your module content is structured and delivered, integrating digital approaches and strengthening both asynchronous and synchronous engagement.

**Date: April 15, 2026**

#### DESIGN SPRINT 3

##### Developing Effective Assessment Strategies

Together, we will reimagine assessment within your module- sharpening alignment with outcomes, improving feedback, and creating more meaningful experiences for your students.

**Date: May 06, 2026**

#### DESIGN SPRINT 4

##### Creating Module's Look and Feel

In this sprint, we will co-develop ways to improve the structure, navigation, and overall student experience within your module on the LMS, creating a more accessible and engaging environment.

**Date: May 21, 2026**

#### DESIGN SPRINT 5

##### Module Evaluation and Improvement

We will embed evaluation into your module so that feedback and data work for you continuously, keeping your teaching fresh and your students supported.
