Cordially invites you to

Qualitative Research Methodology Workshop

Scan the QR Code to Register

Click to Register

Research methodology serves as the cornerstone for fostering innovation and advancement in our world. Join us for a transformative workshop aimed at empowering postgraduate students with a comprehensive understanding of qualitative research methodology.

This workshop equips students with essential tools to navigate the complexities of research. Delve into topics such as identifying research gaps, formulating research questions and problems, crafting robust research designs, and mastering qualitative data collection techniques.

Facilitator: Dr Kuhlula Maluleke
Date: 09 November 2026
Time: 09h00 to 16h00
Venue: K-rith Tower Building, K2, Medical School

MEET THE FACILITATOR

Dr Kuhlula Maluleke is a Senior Lecturer in Epidemiology and Biostatistics at the University of Pretoria and an NRF-rated researcher. Her research interests are centred on epidemiology, spatial analytics, data science, and the application of innovative approaches to strengthen disease surveillance, diagnostics, and healthcare access in resource-constrained settings. Her work increasingly explores the use of artificial intelligence, geospatial analysis, and predictive modelling to address complex public health challenges, including infectious diseases and the effects of climate variability on population health.

She is also actively involved in postgraduate teaching and supervision and is passionate about building research capacity and translating evidence into stronger, more equitable health systems. She is also interested in qualitative research and mixed-methods approaches, particularly in understanding the experiences, perspectives, and contextual factors that shape health and healthcare outcomes.

DISCLAIMER

• These events may be photographed and video recorded for marketing, social media and media purposes. • By attending any event, you grant UCDP permission to use and publish any recorded material. • Repeat no-shows may not be given access to future workshops and events. • Workshops with fewer than 10 participants may be cancelled or postponed. UCDP encourages academic debate and discussion that are conducted in a manner that upholds respectful interaction, safety of all involved, and freedom of association as enshrined within the boundaries of UKZN's R.E.A.C.H.T values.
