Cordially invites you to a workshop

Title: NVIVO Research Software

12 November 2026 | 09h00 – 16h00

K-rith Tower Building, K1, Medical School

Workshop Overview

Empower Your Research Journey with Essential Software Skills: A Workshop Tailored for Masters and PhD Students In today's ever-evolving academic landscapes, effective data management and exploration are essential skills. Join us for a specialised workshop focusing on a foundational software tool designed to enhance your research capabilities. Ideal for Masters and Doctoral students who have progressed beyond the proposal stage and are ready to dive into data analysis, this workshop offers comprehensive training on key software platforms.

Harness the power of NVivo for qualitative analysis. Facilitated by an experienced academic, this workshop combines hands-on training with practical insights, equipping you with the skills needed to navigate this software tool with confidence.
