THE UNIVERSITY CAPACITY DEVELOPMENT PROGRAMME OFFICE

Cordially invites you to the

Qualitative DataAnalysisandInterpretation Workshop

13 NOVEMBER 2026 | **09H00 - 16H00** | **K-RITH TOWER BUILDING, K1, MEDICAL SCHOOL**

CLICK TO REGISTER

Are you ready to transform raw data into meaningful insights?

Join us for an enlightening workshop designed to empower postgraduate students with essential skills in qualitative data analysis and interpretation. In today's data-driven world, the ability to harness the full potential of data is paramount. Our workshop is crafted to guide students through each step of the data analysis process, ensuring clarity and precision in their research endeavors.

Through interactive sessions and practical exercises, participants will delve into key areas such as data cleaning and validation, data mining, data visualization, data summary and analytics, and data interpretation. Led by experienced instructors and data analysis experts, this workshop provides a supportive learning environment where students can enhance their analytical skills and broaden their research capabilities.

Don't miss this opportunity to unlock the transformative power of data analysis

FACILITATOR: MONIQUE VAN DER WALT

Ms Monique van der Walt is a research psychologist (MA Research Psychology) and professional ATLAS.ti trainer with seven years' experience in qualitative research, postgraduate supervision and academic consulting. She facilitates practical workshops at universities across South Africa on qualitative design, thematic analysis, coding and write-up
